

Weather

Fair in the valley today. Partly cloudy tonight and Friday. Slightly cooler Friday. Lows in the 30s to low 40s. Highs in the 60s to low 70s. Light winds.

\$7 million savings claimed

Willow West shopping site - a better deal?

PLEASANTON - The city and the developer of the regional shopping center could save at least \$7 million by switching allegiance from the Stoneridge site to the Willow West site, Willow West's general manager John DiManto said yesterday.

The Willow West site, counted out two years ago when the city council gave the green light to the Stoneridge site on Foothill Road near I-680, is in the news again, thanks to Councilman Roger McLain.

McLain told the city council Monday night that the city may be under the gun to get a regional center

as soon as possible. The Stoneridge developers passed up a chance to get connections recently. The Valley Community Services District plant has reported at the "mystery" appearance of another 110,000 gallons of effluent a day. McLain interprets this as a sign that the future is not very predictable and the sooner someone builds a shopping center, the better.

For this reason, McLain suggested that maybe Willow West's site at Stoneridge Drive and Hopyard Road would develop a regional center faster.

DiManto told The Times yesterday he had no knowledge that McLain or anyone would resurrect the possibility of using the Willow West site. As long as the idea has been raised, DiManto's position is that it would pay for the shopping center developer, Taubman Co., to buy the Willow West site.

DiManto claimed the developer and the city between them would save \$7 million in public improvement costs by buying the Willow West site, an estimate disputed by City Manager Bill Edgar yesterday.

If plans proceed on the Stoneridge site, the city and developer will share costs on such improvements as widening Foothill Road, construction of a water tank on the Pleasanton Ridge, and various road improvements, including improvements to the I-580 and I-680 cloverleaf.

All that must be done near the Willow West site is a two-lane widening for Hopyard Road, said DiManto. Later the state would finance improvements to the Hopyard-I 580 interchange, said DiManto.

The developer also would pay to

extend Stoneridge Avenue east from Hopyard to provide a link to Santa Rita Road, said DiManto.

Edgar was not able to comment in detail yesterday about the capital improvement needs of one site versus the other, but he did observe that two years ago the city disagreed with DiManto's views on which capital improvements would be needed for the Willow West site.

Willow West contended that the Stoneridge overcrossing would not have to be built, but the city felt the need for it would exist, said Edgar.

DiManto said the new era of the city's restricted growth policy may be an opportune time for the shop-

ping center developer to switch to the Willow West site.

"A smaller center would be more compatible with the growth attitude of the city," said DiManto.

He emphasized that McLain's announcement was news to him and Willow West has not been dealing with anyone with an eye to building a regional center.

"We went through general plan amendments for highway commercial zoning for our land and we are happy with that zoning," said DiManto. Willow West is a landholding company based in San Jose.

Bicentennial wagons eastward

Bicentennial Wagon Train, including wagon and team reined by Harold and Ruth Gabriel of Livermore, winds up hill toward Arizona Territorial Prison, situated at Yuma, Arizona. The wagon train, including wagons representing California, Hawaii and Pennsylvania, started from Pomona on Jan 2 and will make historic overland trek east,

culminating with arrival at Valley Forge, Pa., on July 4. Train is now in vicinity of Phoenix, Arizona. Valley residents wishing to make contributions to help defray Gabriels' costs of transporting wagon and team may do so by contacting attorney Burke Critchfield in Livermore.

No hitch this time

VMH earns accreditation

LIVERMORE - Valley Memorial Hospital has received a full two-year accreditation from the Joint Commission on the Accreditation of Hospitals.

Last year, accreditation was temporarily held up because of some hitches in the hospital's procedures, especially

regarding record-keeping of medical files by the physicians.

This summer, VMH replaced its resigning assistant administrator, Bob Tollefson, with Larry Freeman, a specialist in the area of accreditation. Freeman went through the hospital this fall on a dry run to make sure the institution would measure up when the accrediting team came through.

Accreditation is a voluntary procedure, paid for by the hospital, but a necessary one to make the institution eligible for certain federal funds.

"Many people have worked very hard, especially in the area of documentation, to see that we met and continue to meet the high standards of JCAH," hospital administrator Tom Andrews said yesterday.

"Those who deserve our commendation include the board of directors, chief of staff Dr. Claude Burdick, and other members of the medical staff, and our hospital staff, who were assisted by assistant administrator Larry Freeman."

The Joint Commission surveyed VMH over two days in October. A physician reviewed medical staff records while an administrator examined governing body, management and environmental documents.

The Joint Commission sent a letter which was received at VMH yesterday. In the letter, Dr. John D. Porterfield, director of the commission, commended the local hospital for maintaining standards deserving of accreditation and for constant efforts to improve the quality of patient care.

Renaming the Valley

The valley's winemakers are looking for a new name for the valley.

"Livermore-Amador Valley" is not a bad name, but it ranks more for city planners than it does for festive grape growers, according to Walt Wood of Villa Armando, the Pleasanton winery.

Villa Armando, Wente Brothers and Concannon are trying to find a catchy name for the valley to help promote the local vinous product, with an eye toward encouraging more visitors to the local wineries.

Villa Armando expects to have a moderate-priced restaurant open in five weeks in the tradition of the restaurants found in the other California wine country, the Napa-Sonoma region.

Anyone who wants to contribute his or her nomination for a good name can call Wood at Villa Armando.

"We got some suggestions from a San Francisco advertising agency, but we didn't like any of them," said Wood. "I think the valley population can do a better job of thinking up a name."

Traffic tangle revealed

Pedestrian gate protested

PLEASANTON - An allegedly bad traffic and parking problem on Vervais Avenue came to light at the planning commission meeting last week.

Two Vervais Avenue residents, Dan Pons and George Garibaldi, protested to commissioners that they should not allow Al Bernard a pedestrian gate on the Vervais Avenue side of his property.

Bernard, owner of a new body shop on Main Street and Vervais Avenue, wanted the pedestrian gate to give him access to landscaping he must tend.

Bernard got the pedestrian gate on a 3-2 vote, with Robert Butler, Gregg Doherty, and Walt Wood voting in favor and Howard Garrigan and Dave Shepherd opposed.

The gate will encourage customers and employees to park on Vervais Avenue, something the fence was supposed to discourage, said Pons and Garibaldi.

Vervais Avenue is so narrow that some of Garibaldi's sprinklers and other yard furniture have been destroyed by cars who use his yard to turn around, he said. Instead of approving the gate, the city should widen Vervais Avenue to full standards, said Garibaldi.

Attorney Bill Hirst suggested the city install "two hour parking" signs on the street, but Shepherd said that wouldn't solve the problem. Visitors to the body shop will still will park there, Pons added that commuters using the BART buses also leave their cars on Ver-

vais all day long.

Pons told The Times Wednesday that the city has installed "no parking" signs on the north side of the street since he appeared at the planning commission last week.

"We'll see how it works," said Pons. He added he would be happy if the city would install a stop sign at the car wash on the north side of the street. The city said it would look into a stop sign for the car wash exit last June, but hasn't done anything about it.

Pons said he has had arguments with motorists who "peel out" from the car wash without stopping first, as they are supposed to by law. He has given up arguing with them now out of fear the motorists might punch him. — by Ron McNicoll

Women claim losses

Figure salon falls on face

First of a series

The stenciled logo has had to face the wrath of graffiti artists. "California Woman" has been changed to "California man," but, luckily, the striking pose of a svelte model has been unscathed.

Soon the former figure salon will reverse roles and become a hofbrau, putting inches on rather than taking them off.

The humor will escape a couple dozen valley women, however, who've been running up against stone walls trying to get refunds on money invested in the figure salon.

Their plight has been frustrating, to say the least. It's riddled with returned mail, evasive phone calls and a tape recording of the owner's alleged feelings toward his former customers.

Since "California Woman" abruptly closed its doors last July 9, three women have filed in small claims court. But no one has been able to find the

San Jose owners to serve the papers.

Four other women filed complaints with the Alameda County District Attorney's Office Consumer Fraud Division. The case was closed in late September for lack of evidence of criminal fraud.

New evidence may reopen the case, however, and get back some of the money.

Telephones at the Dublin Chamber of Commerce "seemed like they'd never stop ringing" when the studio closed, leading one to believe that many more than the seven women who've pursued the case are involved.

The firm filed incorporation papers in 1972 and at first was an active member of the Chamber. They dropped out before the July closing, however, and the Chamber has been unable to help the women.

Betty Sherman waited more than two years before signing up for the "California Woman" program "I wanted to be sure

it wasn't a fly-by-night place," she said.

Her friends were getting results and all seemed to enjoy the routine.

She enlisted for 10, half-hour programs each week at \$1 per treatment. The firm "guaranteed" results if one were "faithful" to the program.

If the client hadn't reached the size promised in the number of lessons paid for, she could go back for free until she settled at her goal.

Betty had to wait until the summer to start the program "California Woman" went belly up before she made it to lesson one.

She managed to get the name and address of Albert R. Rees, one of the owners, but her registered letter was returned unaccepted.

She and the other woman received xeroxed letters in September saying that the company was going bankrupt and that they would be listed as creditors in the proceed-

ings. The firm's lawyer was not mentioned and repeated calls to Rees were rebuffed.

San Jose attorney John Paul Malais has "represented them in the past," he said yesterday. Bankruptcy papers will be filed in Santa Clara County "within a month or so," although Malais does not know if he will be the attorney of record.

Rees apparently is out of town and will be for quite a while. His office first told the women calling that he left for Greece and was dying of cancer.

Yesterday they said he kept no specific office hours and was in and out of the R and T Paint Co. of Sanse periodically.

His partner in the salon, Jack Lovegren, also of San Jose, won't be in his adjoining office for "three or four weeks," his secretary said. There was no answer at his home.

Tomorrow: an odd closing and a missing tape — by Ron Rodriguez

Pleasanton attorney

Harris after judgeship

Attorney David Harris announced his candidacy for the Livermore-Pleasanton Municipal Court district yesterday.

The seat recently vacated by Judge William Gale's resignation will be filled by election in June, unless Governor Jerry Brown appoints a successor within the next two weeks, said Harris.

In anticipation that the governor may not appoint a successor before Feb. 2, supporters of Harris for judge have begun circulating a petition on his behalf which would qualify him for the election in June.

Harris is chairman of the Zone 7 water board. He is a 16 year resident of the valley and lives in Sunol with his wife, Betty, and their three

children. He has practiced law for eight years with the valley firm of Struthers and Harris.

Harris was a physicist at the General Electric Vallecitos Atomic Laboratory and Lawrence Livermore Laboratory. He is a graduate of the University of California Hastings College of Law.

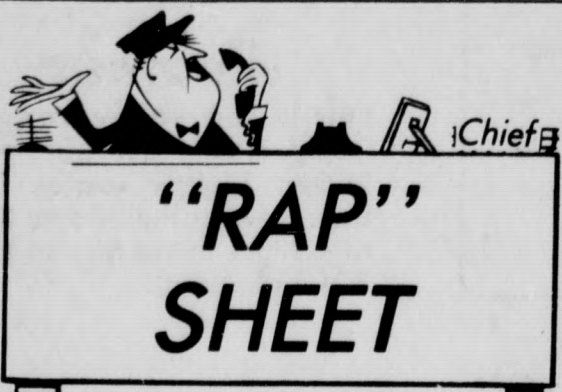

Old Murray Schoolhouse work begins

Volunteers from Bricklayers Union Local No. 8 yesterday began laying more than 700 cement blocks as the foundation for the Old Murray Schoolhouse takes shape. Local businesses have donated more than \$6,000 in materials and labor for site work at the structure's new location on Donlon Way next to Old St. Raymond's Church. The newly-formed Dublin Historical Preservation

Association has raised \$1,000 but another \$20,000 is needed for water and sewer hookups. Charter memberships in the DPHA are available at \$5 for adults, \$2 students, and \$100 for life memberships. Send membership dues to: Dublin Historical Preservation Association, P.O. Box 2001, Dublin, 94566.

"RAP" SHEET

High speed chase nets suspected cocaine
LIVERMORE — A 17-year-old Granada High School student led police on a chase through the city late Tuesday which reached speeds of up to 70 mph before an arrest was finally made.

Off. Robert Stansell was approaching the Murrieta and Olivina intersection when he saw a motorcycle run the stop sign on Olivina. The cyclist nearly hit a cyclone fence at Olivina and Hagemann, Stansell reported, and then turned off his lights while traveling approximately 70 mph up Hagemann.

Stansell, lost the cyclist briefly but then saw him crouching beside his cycle on Swan Drive. An unidentified motorist helped in subduing the reluctant suspect but left the scene before his identity could be determined.

During booking, officers found a baggie of suspected cocaine. The youth was booked on suspicion of drunk driving, resisting arrest, and possible possession of cocaine pending laboratory tests of the substance.

\$300 CB radio stolen from parked van
LIVERMORE — Burglars entered rear double-doors to a van parked on South Livermore Avenue Wednesday and stole a \$300 citizens band radio.

Lawrence Dale Graham of Murrieta Boulevard told police the unit could easily be lifted from its slide mount without tools or wirecutters.

There are no suspects in the case.

Accident uncovers beer and marijuana in car
LIVERMORE — Open containers of beer and a baggie of suspected marijuana were found in a car after an accident in which one man sustained minor cuts Tuesday.

Timothy Leroy Smith of 909 North L St. was arrested for suspicion of drunk driving after his car struck a parked vehicle Tuesday. A search of the car reportedly turned up three near-empty beer cans and a baggie of suspected marijuana tucked into the seat.

James Smith, a passenger in the car, suffered a minor cut to the forehead as a result of the accident. Police are investigating the incident.

\$1500 in tools and cash taken from gas station
LIVERMORE — Tools and cash with a total value of approximately \$1,500 were taken from Ingle's Standard station at 3884 First St. over the weekend.

An attendant said a 300-lb. rollaway toolbox was taken with an assortment of tools inside. Approximately \$60 in cash was taken from two locked drawers that were forcibly pried open. Nearly \$100 in damage was sustained to the shop during the burglary.

Chase through Pleasanton ends in shooting
DANVILLE — A 30-mile chase from Danville to Pleasanton and back ended Tuesday night in an arrest on suspicion of attempted murder after the suspect prepared to ram two Alameda County Sheriff's cars used as roadblocks.

A California Highway patrol spokesman said Patrick Kevin Donohue was wanted for questioning on a variety of felony cases when he was spotted on Interstate 680 near Danville. Speeds of up to 90 mph were reached as CHP and Sheriff's cars chased Donohue through Pleasanton.

The chase ended as CHP cars forced Donohue towards a roadblock of two Sheriff's patrol vehicles. A Sheriff's Dept. spokesman said Donohue had prepared to ram the two cars when two shotgun blasts ruptured his right tire and the car went out of control and to a stop.

Donohue was booked into the Contra Costa County jail on suspicion of attempted murder.

Mary Amerine

Mary Amerine, 80, a native and life long resident of Livermore, died Wednesday in Pleasanton Convalescent Hospital.

Survivors include her sons, Robert Amerine, Livermore, and Richard Amerine of Alaska. She also leaves three sisters, Mrs. Rose Johnson, San Leandro, Mrs. Ida Neves, Tracy, and Mrs. Eva Hansen, Sacramento; a brother, Louis Frates, Utah; four grandchildren and many nieces and nephews.

She was the sister of the late William Frates.

A rosary will be recited at 8 p.m., Thursday, in the Chapel of Callaghan Mortuary, 3833 East Ave., Livermore.

A mass will be held at 10 a.m., Friday, in St. Michael's Church, Livermore, followed by interment in the church cemetery.

Bonnie Hardy

Bonnie G. Hardy, 73, a native of Illinois and four year resident of Livermore, died Tuesday following a short illness.

Survivors include her daughter, Mrs. Nancy Callaghan, Livermore; sons Frank Hardy, Belmont; Charles Hardy, Belmont; brothers Robert and Fred Parsons of Illinois, and sisters Vera Dunlap, Betty Scott, Pat Hardwick and Barbara, all of Illinois, and Maxine Tedesco of Carson, Calif.

She also leaves her mother, Mrs. Daisy Parsons, also of Illinois, in addition to nine grandchildren and many nieces and nephews.

Services will be held at 3 p.m., Wednesday, in the Drawing Room Chapel of Callaghan Mortuary, 3833 East Ave., Livermore. Interment will be in Memory Gardens Cemetery.

It's a Christian Nightclub?

BY REINA WHITNEY
"The King's Light Club," described as a "Christian Nightclub" by Promoter Jim Santo, will make its local debut at the Howard Johnson Motor Lodge in Dublin Saturday, Jan. 24 from 8 to 12.

Headlining the opening night's entertainment will be Pleasanton's own popular musical group, "The Second Collection." Well-known for its weekly renditions of background music at St. Augustine's Church, the group has already cut one album, "Look Beyond," which sold 2500 copies. The group is currently in the process of cutting a second recording, due to be released this summer and entitled "He Touched Us."

Their music is soleful rock. Carolyn Cardinelli, lead singer, has a beautifully haunting voice of unusual caliber.

The Christian Nightclub which will offer coffee, refreshments, "No Booze" and only "spiritual food" is not an original idea according to Pleasanton resident, Jim Santo. He got the idea while traveling in New York recently and discovered "The Lamb's Club" in an area not unlike North Beach in San Francisco. It was reminiscent of the old North Beach coffeehouses where people could congregate to hear good music, expound political views and perform their poetry and self-taught talent to a group joined in genial fellowship.

Jim says "The King's Night Club," open to the public, will feature good entertainment and danceable music. It will be a place where parents will feel safe to let their

'THE SECOND COLLECTION'

Mike Hegarty, Cindy Bradshaw, Jim Santo, Carolyn Cardinelli and Mark Hegarty, kneeling, headliners in valley's first "Christian Nightclub."

teen-agers (or as Jim describes them — the "King's Kids") come and have a good time, and maybe even come with them.

Jim Santo, director of marketing for a brokerage firm in San Francisco, has also been almost a full-time evangelist since last July. He feels that if "Jesus Christ still wants His children to have a good

time, He'll bless it." (the nightclub)

Although he has never attended a seminary, Jim Santo has studied the bible extensively and is a self-proclaimed alcoholic. He says that "The Lord has delivered me and allowed me to step out and help others around Him." Father of two teen-agers himself he is anxious to help the young people in

our community and has been very involved with "The Living Word Ministry" which meets weekly in about 15 homes throughout the valley. He has had as many as 100 people at his home at one time.

This involvement and the fact that there is a new awareness of spirituality, led him to write to Mike Wallace of CBS, asking him why they never have

anything about the meetings on Christianity going on around us during his program "60 Minutes." Although he received no direct reply from Wallace, it did lead to an invitation to tape his testimony for Channel 20 (Cable 8) that is aired in Pleasanton at noon on Sundays.

Jim feels now that "The Lord has led us into public places" and he will be waiting to greet the public at "The King's Light Club" Saturday night.

Community-wide volunteer needs

The Tri-Valley Volunteer Bureau is a clearinghouse for the valley community where human needs are matched with human resources. The bureau maintains an up-to-date inventory of what type of volunteers are needed and where. To find out how you can help, call the bureau at 462-3570. The bureau is located at the Twin Valley YMCA building, 287 Rose Ave., Pleasanton, and is open Monday through Friday from 10 a.m. to 3 p.m.

NEEDED THIS WEEK

- Teacher's aide for foreign-born children.
- Typist for youth program.
- Volunteer to work with low-income pre-school children.
- Persons to help develop publicity outreach program for the Volunteer Bureau.
- Volunteers to visit, place calls for or correspond with prisoners.

Educators convene

Assemblyman Floyd Mori will be the guest speaker at a dinner to be sponsored tonight by the newly-formed Diablo Phi Delta Kappa Club. Assemblyman Mori will address the group at the Dublin Corral in a 7 p.m. assessment of "The Financial Future of California Schools."

The new organization of professional public school educators is accepting charter memberships and applying for charter status. For more information contact Dr. Dave Carlisle, Pleasanton School Joint School District.

Camera club focuses on the best of 1975

'TOMATO HORNWORM'

First-place color print by Dennis Fisher of Livermore is a brilliant green.

The best efforts of members of the Livermore Camera Club in 1975 were recognized at the club's annual competition this week. Judge David Latrobe of Emeryville, a past officer and member of NAC (Northern California Council of Camera Clubs), commended the fine quality of the 100 entries and announced the following winners:

The brilliant color of "Tomato hornworm" earned for Dennis Fisher a first place in the color print category. Marie Suttora took second for "Pink Camellia;" George Kerr, third place for "Tiger Lily;" Dennis Fisher, fourth, and Jack Caldwell, fifth.

Top honors in the black-and-white salon print category were captured by Barbara Mallon for "Flower Child." Myron Heusinkveld took second place for "Cape Balnca;" Stan Isakson, third place for "Pelicans;" Barbara Mallon, fourth, and Myron Heusinkveld, fifth.

Jack Caldwell's striking "Funburst" was awarded a "first" in the black-and-white mini-print category. Don Faraudo took second place for "Son in the Sun;" Ron Suttora, third place for "Gwen;" Don Breithaupt, fourth, and J. Thomas, fifth.

Marguerite Heusinkveld's abstract "Sunlit Sandstone" received first place recognition in the slide category. Her "Chute and Sock" also captured second place; Dick Munger took third place for "Art Lesson;" Al Taylor, fourth, and Don Faraudo, fifth.

The Livermore Camera Club, currently comprised of 32 members, convenes the third Monday of each month at the Carnegie Building for special programs and evaluation of members' work. Photographers of all levels of proficiency are invited to call President Stan Isakson at 846-6851 for more information.

'FLOWER CHILD'

Joyous scene was captured in first-place salon photo by Barbara Mallon.

inside the arts

Firefighters' show stars seasoned entertainers

Impressionist Dick Kerr, and a cast of seasoned professional entertainers will star in a family variety show Jan. 31 sponsored by the Pleasanton and Livermore Firefighters.

The curtain rises at the

Two featured in upcoming youth concert

A Young People's Concert, featuring two young valley soloists, is set Sunday, Feb. 8 for a matinee performance at Pleasanton's St. Augustine Church, and an evening performance at the Livermore High School Auditorium.

The program, geared to a youthful audience with special explanations of each selection, includes "The Pied Piper," by Simons, and Sousa's "Stars and Stripes Forever" as well as the solo performances. It is sponsored by the Livermore-Amador Symphony.

Artistic outlet

Dennis and Joan Bequelin of Dublin have found a mutual interest in pottery-making under the guidance of Instructor Ann Henderson who teaches an adult pottery class at Shannon Community Center every Tuesday from 7 to 10 p.m. The class would welcome additional students at a cost of \$14 including wheel-throwing and hand-building techniques, clay and firing. Dennis, vice-president and manager of a bank, says the class is great therapy and a tension-reliever. He has already made plans to build his own kiln.

Alameda County Fairgrounds Exhibition Hall at 8 p.m. The doors will open at 7 o'clock.

Billed in the show are Comedian Johnny O'Brien, Dwight Moore and his mongrol review (a very funny dog act), Country-Western Singer Beverlee Reed and the talented acrobatic team from Pleasanton, The Kobelt Sisters. Music will be provided by the Vern Rolle Orchestra of Pleasanton.

The show is slated as a benefit for the two firefig-

ter locals and their community endeavors, according to Livermore Local President Steve Dick. He says the firefighters hope to make the show an annual event and seek the support of the community toward that end.

Headliner of the show, Kerr is a master impressionist who has been billed at entertainment centers at Lake Tahoe, Reno and Las Vegas numerous times.

Textiles tell U.S. history

In 1825, when John Quincy Adams was U.S. president, America's oldest continuous textile printing company, the Cranston Print Works, first went into operation.

This Rhode Island based firm today — 150 years later — is considered a mainstay in printed textiles by leading fashion designers and manufacturers.

A new exhibit which tells the story of fiber craft and its history opens today at the Amador-Livermore

Valley Historical Society Museum. Entitled "Spindles and Needles," the display offers examples of antique

'Charlie Brown' opens

"You're a Good Man, Charlie Brown," a musical based on Charles Schultz' "Peanuts" comic strip, comes to the First Presbyterian Church in Livermore Saturday, Jan. 24.

The 8 p.m. production, which features the Woodminster Theater company of Oakland, is sponsored by the Presbyterian Mariners as a church benefit.

Tickets, available in advance only, may be obtained at the church office or by calling Madge McDonald at 447-5886. Admission is \$3.50 for adults and \$2.50 for children.

Music will be provided by an orchestra which includes Livermore Musicians Jim Liptak, Nan Davies, Pam Kahn, Brian McFann, Abigail and Polly Grover.

By AL FISCHER

The valley has been the spawning grounds for a continuing succession of talented musicians and thespians.

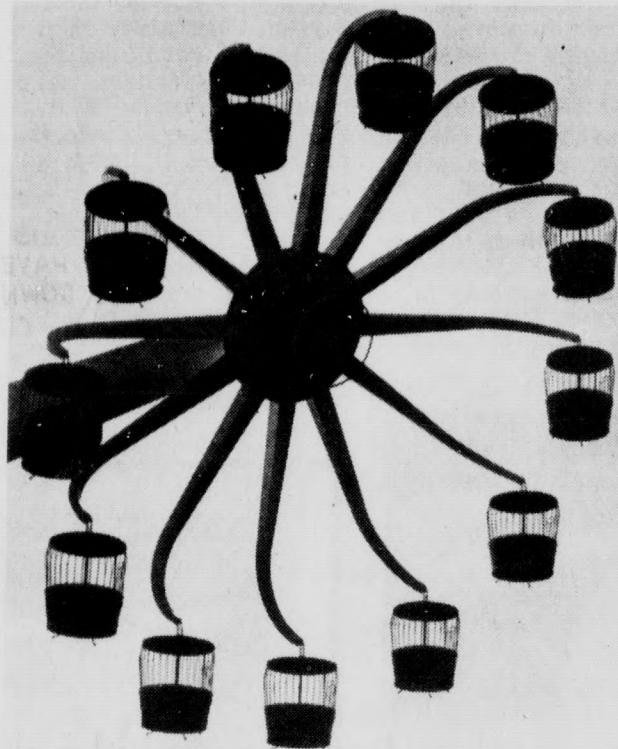

This was brought to mind again last week with the appearance of song stylist Donna Theodore on the "Tonight" show, the Channel 4 late night entry seen by more people Monday through Friday than any other show on any other network.

An appearance on Johnny Carson's 90 minutes of song, dance but mostly chatter can launch or hypo a career overnight.

Miss Theodore, daughter of a well-known Pleasanton family, has been on the night club and theater circuit nationwide for several years. From the one number she sang and the reception she got, more major television appearances and a greater circle of acceptance is forthcoming.

There are any number of youngsters now honing their skills in valley schools who will some day perform to critical audiences in distant cities and places.

One comes to mind instantly — and I don't mean to place a jinx on this young performer — in the person of Nick DeScala, one of Jim Campana's many talented musicians at Amador Valley High School, and now a "double threat" with the assuming of a role in the upcoming Pleasanton Playhouse production of "Don't Drink The Water."

'FUNBURST'

Jack Caldwell's striking mini-print earned top honors.

Fiber craft display

and contemporary needlework, spinning and weaving, with emphasis on fine local fiber crafts. One item of special interest is a bedspread embroidered with the names of many Livermore residents from the year 1898.

The exhibit continues through March 12. Local weaving and spinning groups have helped assemble the exhibit, and plan to demonstrate their skills at an open house Feb. 29.

The museum, located on the Alameda County Fairgrounds, is open Tuesday through Friday, 1 to 4 p.m. Special arrangements for group tours may be made through Ann Lewis, museum curator at 462-2766.

Violinist is comedian

A favorite of the world's rich and royalty, Leon Sieff alias "The King of the Electric Violin," will entertain at a vaudeville show to benefit the Granada High School music department Saturday, Jan.

31. A professional classical violinist who has played with major symphonies throughout Europe, Sieff has concocted an act which includes using a pipe for a bow, and playing

the violin while making bird calls. His antics have drawn the approval of Aristotle Onassis and Queen Elizabeth II, London's Cassanova Club, and New York's Blue Fox.

Other entertainment lined up for the show at The Barn include George Twain, "Queen of the Banjo," a roller-skating violinist, a harmonica player who happens to be a neurosurgeon, a juggling unicyclist, a German band, a magician, an opera singer and fire eater.

A limited number of tickets for the show at \$3 for adults and \$2 for students are available from Granada High students or at Odyssey Records in Livermore. Admission includes seating in a coffeehouse-like atmosphere and refreshments.

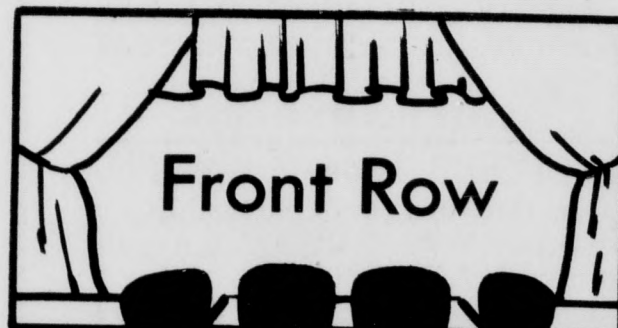

Early American recipe requires a fresh cow

The first American cookbook is believed to have been "American Cookery," published in 1796 by Amelia Simmons. Although there were other cookbooks published in America before this, they were British reprints.

One of Amelia's recipes is: "To make a Fine Syllabub from the Cow." Sweeten a quart of cider with double refined sugar, grate nutmeg into it, then milk your cow into your liquor, when you have thus added what quantity of milk you think proper, pour half a pint or more, in proportion to the quantity of syllabub you make, of the sweetest cream you can get all over it."

Leon Sieff brings his musical antics to the vaudeville show which benefits Granada High's music department Jan. 31.

A further sampling of the youthful music and theater talent in the valley may be had by dropping by the California High School auditorium on Thursday, Jan. 29.

Joe Alfano, instrumental music instructor at the San Ramon school, and Art Dougherty, coordinator of fine arts for the district, are putting together the second annual "California Jam" on that date.

The California High School jazz ensemble will share the bill with San Ramon High's jazz group.

A highlight of the program will be an appearance by "Thursday's Child," a large jazz ensemble composed of both professional and non-professional musicians from throughout the Bay Area. Dougherty leads the group, which is an outgrowth of the San Ramon Adult Education program.

I rarely recommend motion pictures, sim-

ply because when I've done so in the past, the film in question didn't get to the "local" viewing audience until several months later — if at all.

However, the trip to San Francisco would be well worth it to see Jan Kadar's "Lies My Father Told Me," a tender and eloquent expression of a child's feelings in relation to his surroundings — a Jewish ghetto in Montreal circa 1920s.

This film will not receive any honors (of consequence) at Academy Awards time simply because of the context in which it was produced. Yet, Kadar would certainly be deserving of notation for his skillful directing.

It is most assuredly "one of the ten best" of the year.

MARQUEE—Gil Eagles, the ESP showman who played the Alameda County Fair in Pleasanton last summer, will be at the Chabot College auditorium in Hayward for one performance tonight ... "Don't Drink The Water" cast and crew members shape the production each Monday, Tuesday and Wednesday at the Veterans Memorial Building in Pleasanton ... Think college kids can only afford re-releases or second runs??? Not so, at San Jose State the Associated Students Program Board has released its schedule of films for this Spring. It includes "The Front Page," Fellini's "Amarcord" and "Lenny."

For Thursday, Jan. 22, 1976

ARIES (March 21-April 19) You must base your judgments today on facts relevant to a given situation. Don't let your desires color reality.

TAURUS (April 20-May 20) Although you are energetic today, you have a tendency to be a clock-watcher. Follow through with what you initiate.

GEMINI (May 21-June 20) Don't speculate on anything today. If you push your luck, you'll wind up gripping zeroes.

CANCER (June 21-July 22) Entertainment at home today would best be restricted to a small, compatible group. If others want to bring friends, politely say "No."

LEO (July 23-Aug. 22) Don't try to top anyone's tall tales today. Others will see through the exaggeration and it really doesn't matter anyway.

VIRGO (Aug. 23-Sept. 22) In any joint material venture today, be certain others understand that each must contribute equally for equal returns.

LIBRA (Sept. 23-Oct. 23) Keep those who have no direct interest in your affairs out of any discussions today. They could unwittingly foul up the deal.

SCORPIO (Oct. 24-Nov. 22)

Reward generously those contributing to your cause today, but be very discriminating so that you don't favor hangers-on.

SAGITTARIUS (Nov. 23-Dec. 21) Don't recoil from important situations today, yet don't be so light and breezy that nothing is resolved.

CAPRICORN (Dec. 22-Jan. 19) Don't take for granted that you will accomplish all you set out to do today. It will still take concerted effort to make the gears mesh.

AQUARIUS (Jan. 20-Feb. 19) Don't overtax your usually excellent intuition today. Don't think you can see around all the corners.

PISCES (Feb. 20-March 20) Be prepared to make concessions today, but recall: You can only bend so far. Don't give in to something that will later cause you problems.

your birthday
Jan. 22, 1976

Socially, you'll be very much in demand this coming year. Save your pennies, too. That long trip you've had in mind could become a reality.

WIN AT BRIDGE

A search for proper king

He didn't bid five notrump to ask for kings since he was interested in just one king. The king of trumps!

North and South were an expert partnership and were using a variation of the Culbertson grand-slam force as an adjunct to Blackwood.

South wanted to be in seven if North held the king of trumps in addition to his two aces and the six-club bid said, "Partner, bid seven if you hold two of the three top honors in trumps."

ASK THE JACOBYs

A Texas reader wants to know if in a duplicate game a player should open one heart with:

▲xx♥AKxxx♦xx▲K10xx when vulnerable.

We would not open this hand vulnerable or not vulnerable in a duplicate game. But we do not consider a one-heart opening as a really bad bid, particularly if those heart spots were 987.

(Do you have a question for the experts? Write "Ask the Jacobys" care of this newspaper. The Jacobys will answer individual questions if stamped, self-addressed envelopes are enclosed. The most interesting questions will be used in this column and will receive copies of JACOBY MODERN.)

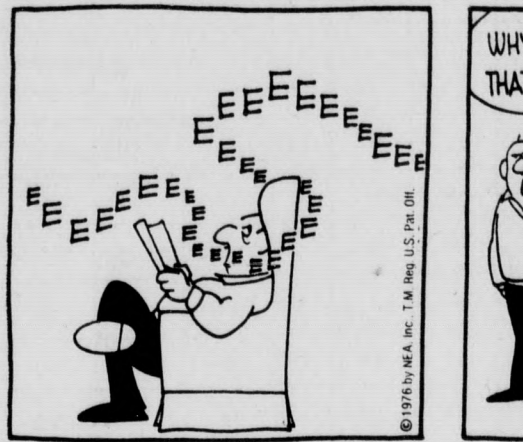

Take a look at the bidding of today's hand. It starts out simply enough. South has a very good one-spade opening and North a rather minimum three-spade response.

South's Blackwood four notrump is the obvious rebid and North responds five hearts to show his two aces. Then South bids six clubs. Has he gone crazy? Why didn't he bid five notrump to ask for kings? No, he hasn't gone crazy!

Auto poster contest slated

Artistic schoolchildren have until Feb. 20 to design a traffic safety poster for the American Automobile Association (AAA) annual contest.

Triple-A, through its affiliate the California State Automobile Association, is offering U.S. savings bonds totaling almost \$10,000 to 142 winners this year.

Entry blanks have already been sent to local schools.

Students in grades one through six may design their poster based on one of these slogans: "Keep From Between Parked Cars" and "Ride One On A Bike."

Students in grades seven through 12 may select from "Caution - School Bus Stopping Means Children Crossing" and "See and Be Seen."

Prizes will be awarded in four categories: Senior High and Junior High entrants will compete for 10 first-place awards of \$100 bonds, 10 second-place prizes of \$75 bonds and 10 third-place prizes of \$50 bonds.

Elementary-school children and the primary group (grades 1-3) will each be eligible for 10 first-place prizes of \$75 bonds, 10 second-place awards of \$50 bonds and 10 third-place prizes of \$25 bonds.

There are two Grand Awards of \$500 bonds given in the categories of high school groups and primary-elementary groups.

'We the People' here tonight

PLEASANTON — A second set of public meetings for "We the People," a citizen participation series on the future of the Bay Area, will take place this evening with the valley meeting scheduled for the Pleasanton Presbyterian Church social hall, 100 Neal St., at 8 o'clock.

The discussion theme this week is "Schooling for What?", which will present priorities of education, equitable financing in education, control and accountability. Each discussion will be opened by a prominent Bay Area educator, followed by a humanist scholar such as a philosopher or historian, to add perspective and to explain the deeper value judgements implied in the question.

manist scholar such as a philosopher or historian, to add perspective and to explain the deeper value judgements implied in the question.

Students test well in state

LIVERMORE — Hard on the heels of December's state test results, the Livermore Unified School District has announced results of more tests which measure the district against national standards.

As school critics have been saying for years, Livermore students are less remarkable on a national scale than measured against other Californians. While state tests show local students to be well above average in selected subjects, national scores place local students, despite a relatively privileged socioeconomic status, just about at the average.

In some cases, children scored well above the average but in many cases scores fell below the 50th percentile. What is "average" is determined by the company making up the test, based on samples taken in various parts of the country.

There may be many reasons for a class, a school or a district to do poorly on a test, and Superintendent of Schools Leo Croce told the school board Tuesday night the staff was analyzing the results to see why certain scores were given.

The district had a downward trend in scores from the elementary grades, where district-wide scores were in the 68th percentile, to high school where the combined rank was 50 per cent, or exactly average.

"We want to stay away from the idea of winners and losers," Superintendent Croce noted of the test scores, which ranged from a high of 95th percentile at Rincon School in second-grade math to a low of 30, again at Rincon in sixth-grade language.

There were some blank spaces in the district report, where individual schools' scores were not noted. Richard Jenkins, the district's pupil personnel chief and head of the testing program, would say only that "errors in administration" had made

some of the scores at Jackson and Sonoma Schools unavailable.

According to Jenkins' prepared statement, "Based on national student norms, Livermore School District's best average strength for all grades tested is in the area of reading. The second strength is in math while the area of greatest need for improvement is in language."

"Group test results are helpful for considering trends in various areas of curriculum and student or school achievement. However, caution should be used when interpreting test results since they do not necessarily answer the question of, 'Why were the results what they were?'"

"This question can only be answered fully by further analysis at the school and district levels."

Wilbur Angle qualifies for grade III

PLEASANTON — Wilbur Angle, Jr., qualified recently for a grade III maintenance certificate of the California Water Pollution Control Association, the city council announced last week.

Rincon teacher Bob Hansen noted that the children themselves are "getting very little benefit" from sitting through hours of test-taking which produces nothing but percentile scores for the district to use.

He praised the district's decision to use an SRA (Science Research Associates) test which will show students' individual achievement.

VINELAND SHOPPING CENTER

In the Bag

Getting loaded

Charlie Litz

LET'S DISCUSS loading, and loads, for the 45-90 W.C.F. This famous modes was discontinued in 1936. However, you can still get new cases by writing to Fred Huntington of RCBS, Inc., Department A-12, P.O. Box 1919, Oroville, CA 95965. (I don't know prices at this time.)

The 45 basic case can be cut and trimmed to the correct length (2.400). You will need a full length sizing die and a bullet seating die (assuming you already have a reloading press).

The original 45-90 WCF was loaded with 90 grains of black powder behind a 300-grain lead flat point bullet, with a muzzle velocity of 1530 feet-per-second (fps) out of a 26-inch barrel. Later, a smokeless powder load came on the market, still using a 300-grain bullet that upped the muzzle velocity to 1970 fps, which is quite a bit.

Best results for bullets were obtained with an alloy of one to 16 tin to lead ratio. This alloy gives good expansion. About the best source of bullet moulds for this size bullet is through the Lyman Gun Sight Corp., Middlefield Operations, Route 147, Middlefield, Conn. 06455.

Most 45-90 barrels have a rifling twist of one turn in 32 inches. Bullets having a weight of 400 grains or better will not truly stabilize in that 32-inch twist. Cast bullets weighing between 300 and 350 grains will give good accuracy, if the barrel is in good condition.

A test rifle used was a Winchester Model 1886 and manufactured in 1891. It had a 26-inch barrel with a rifling twist of one turn in 32 inches. All cast bullets were sized to .457, which is the exact groove size of test rifle.

The best way to size bullets is to mike your barrel and to size your bullets to exact groove size (not bore size), or a maximum of .002 over groove size. However, in the test rifle, groove size gave the best accuracy.

Lyman bullet No. 457122 HP (330 grain) gave the best accuracy, 3.5" at 100 yards (off the bench). Other Lyman bullets, No. 457191 (300 grains) which is the original type for the 45-90; and the No. 457190 (350 grains) are also good. These came from the original moulds and may not be listed in your new Lyman catalog but they may be obtained from Lyman.

Other bullets tried were Lyman NO 456121 (340 grains); 457124 (400 grains); and 457132 (415 grains). However, these three were not considered to give as good accuracy as the previous ones mentioned.

As to powder charges, the best was shooting 90 grains FFG black powder behind 300 grain bullets. Huge clouds of acrid smelling smoke, then when the cloud dispersed you could see the bullet hole in the target.

Duplex loads were made up, tried, and some of them were absolutely no good. The best of the lot was 7.2 grains of SR 4759 powder and the case filled to the base of the bullet with FFG black powder.

Other loads were tried that shot very good and include 25.3 grains Hercules No. 2400, and 26.2 grains DuPont SR 4759.

After looking at the past records, it seems that a full load of black powder (90 grains FFG), with the Lyman bullet No. 457122 HP gave best accuracy. Powder fouling is a problem, but it can be coped with while hunting. After checking fired bullets, it appeared that the black powder upset the bullets better to fill the grooves of the rifling, and so better accuracy.

Before shooting your 45-90 WCF, take it to your gunsmith and have it checked for good mechanical condition, making certain it is safe to fire. Then, don't overload that old timer! Start about .05 per cent low on first loads and work up to higher loads with a whole lot of caution.

BILL CALDWELL, chairman of the Running Deer and Rifle Committee of the Livermore-Pleasanton Rod and Gun Club reports a good turnout at the shoot on January 18. He stated that the wind was so strong that the targets were blown down, pasters on the running deer were blown off and the scores of the top shooters may have been affected by the wind. However, competition was strong among the various teams, with the following results:

DISTINGUISHED — Eagle Rock Club Hank Harkness, score 31; Bill Ramsey 29

MASTER — Sacramento Club Allen Elsholz 31; Livermore Club Carl Ahre 29

EXPERT — Tri-City Club Jess Amaya 31; Juan Gonzales 27

SHARPSHOOTER — Livermore Club Ed King 25; Don Baumann 25

MARKSMAN — Livermore Club Dean Forbord 24; Eagle Rock Butch Macielek 19

LL sign-ups

Dublin Little League baseball signups will be held Jan 27, 29, and Feb. 3, 7:30 to 9 p.m., at the Dublin High School cafeteria.

Youngsters eight years old before Aug 1, but not 13 before Aug 1, are eligible.

They must be accompanied by a parent or guardian at sign-up, and bring a birth certificate copy. Donation is \$15 per youngster, or \$20 per family.

Local boxers in Modesto

Livermore Boxing Club takes its bow in the California AAU championships tonight in Modesto. A pair of teenagers with limited experience but strong potential will be the first competitors coach Tony Ramirez has ever sent to the big gathering.

In fact, if middleweight Tom Bernard and light heavy Rich Garcia do well this weekend, Ramirez may begin a campaign to bring the AAU's to Livermore in future years.

Garcia has never had a sanctioned bout, though he labored through a meaningless exhibition with pro Terry Lee two weeks ago in Livermore. Bernard carries a 1-1 record earned in last year's San Francisco Golden Gloves tournament.

Their first round opponents will be drawn this afternoon. Preliminaries will be held tonight, with the championships Saturday at Uptown Arena. Fighting gets underway tonight at 7.

Garcia, a 175 pounder, is from a Pleasanton boxing family. Two of his brothers fight for the Livermore Boxing Club. Though he has no official experience, Ramirez is expecting a satisfactory performance from his 17-year old.

"Rich is a tough kid," Ramirez says. "In fact, we couldn't get anybody to fight him, but he'll be all right."

Bernard, 156 pounds, reached the semi-finals at the Golden Gloves before losing last year. He is

being counted on to earn notice for the Livermore club.

"In our last exhibition no one from the Modesto club would fight him," Ramirez revealed; "and that's one of the toughest clubs around. He should win this weekend."

Ramirez will be on hand to council his two fighters, and also to observe the operation of the AAU championships. In the near future, he says, Livermore will seek to host a major amateur boxing event. It was offered the Junior Olympics last year, but at the time, Ramirez' club was not in shape to handle the task.

Now with his own gym, and a settled stable of fighters, the time may be at hand.

TOM BERNARD (LEFT) AND RICH GARCIA SQUARE OFF They'll be first Livermore contestants in state AAU's.

AV, Mat wrestlers seek EBAL lead

With the EBAL championship probably on the line, the Granada and Amador wrestling teams tangle at 7 p.m. tonight on the Don mat.

Both teams are 2-0 in league competition. Granada has already defeated tough Livermore 33-23 but the Dons have not met the Cowboys yet. If Amador beats Granada and Livermore tops the Dons then the race is thrown into a three-way tie.

However, first things first. Tonight's match should be a dilly. The Matadors are coming off a second place finish in the Eschelon Tournament last weekend. Riverbank won injuries in the lower weight divisions.

"Yes, we have had some injuries," said Granada coach Steve Page. "As a result we have had to do some shuffling in certain

weight classes. Particularly in the lower divisions."

Page has several outstanding wrestlers on his side. Steve Jaeger, a 177-pound matman and heavyweight Ron Freeman are probably the best. Jaeger took second in the EBAL tournament last season and is 20-1 this year, including some victories over several highly-ranked wrestlers. Freeman took third in the EBAL last season and is currently 22-1 this year.

"Freeman and Jaeger are outstanding wrestlers," Page admitted. "I expect both of them to make the state meet."

Amador is not without its own stars.

Probably the top Don wrestler is sophomore Steve Potts, who has a 26-2 record in the 97-pound division this season.

The Dons have been the

big surprise of the EBAL season, fielding a young team after finishing last year with a losing record.

"Much of the improvement in our record can be credited to just plan hard work on the part of the kids," Amador coach Ron Blanton said. "We're a young team but our guys have really matured with a few matches under their belts and we are expecting a good match against Granada. We are looking forward to it."

So, probably, are the Matadors.

Falcons top SR

Foothill High School's junior varsity wrestling team remained undefeated in EBAL competition with a 42-24 victory over visiting San Ramon Tuesday night.

The Falcons, now 3-0, recorded five pins. Kevin Shimabuku took the 105-pound class with a second period pin.

Foothill 42, San Ramon 24
97. Rowan, F. won by forfeit.
105. Shimabuku, F. p. Briggs, SR.
145 of 2nd period; 122. Burnell, F. p. Skellenger, SR. 1.59 of 1st period; 129. Fosst, F. d. Rothfuss, SR. 4-2; 135. Arrigi, SR. d. Agard, F. 9-5; 140. E. Neiderholzer, SR. d. Hill, F. 8-6; 147. Erickson, SR. won by default; 156. Tonelli, F. p. Fletcher, SR. 1st round; 167. Schuman, SR. won by default; 177. F. Neiderholzer, SR. p. Coyne, F. 32 of 2nd period; 193. Colvin, F. won by default; Hvt. Cotton, F. won by forfeit.

Courier. The fun truck that's Ford-tough.

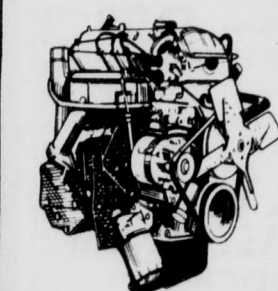

It's California's kind of wheels.

Drive it, you'll like it.

Courier owners talk about the way it drives. The way it economizes. And the way it's built. Ford test engineers really put this little import through the wringer before they OK'd it to carry the Ford name.

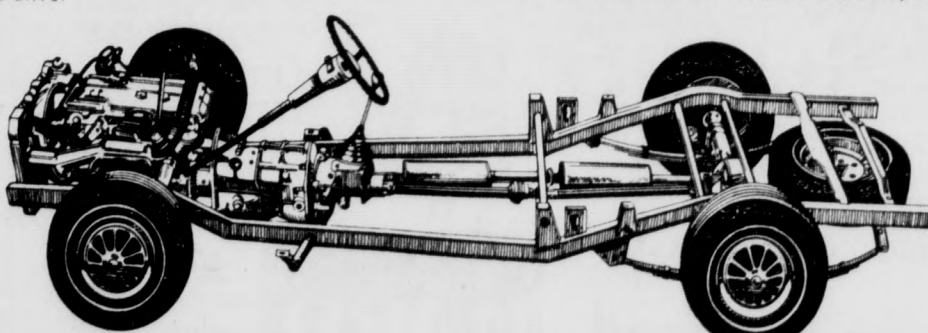

Courier shown has custom dress-ups added by its owner

Good news under the hood.

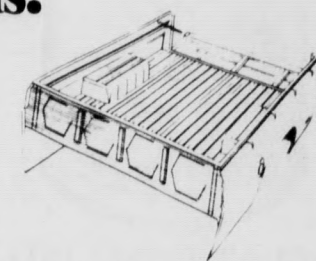

For all of Courier's gutsiness, gas mileage is great. EPA estimates are 25 mpg highway, 19 mpg city. Your mileage may vary, of course, depending on your truck's condition, optional equipment, and how and where you drive.

Courier: Tough down under.

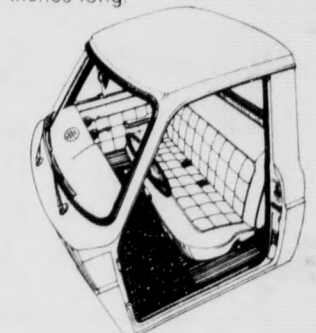

Give Courier a good going under and you'll know why it feels so solid on the road and off. The frame has box-section rails with 7 (count 'em, 7) crossmembers. Up front, there's independent suspension with big

coil springs and stabilizer bar. In back, long 6-leaf springs. The 1800-cc. 4-cylinder engine has modern overhead-cam design with 5 main bearings for rigidity and strength. Courier's known as the gutsy little import. This is where it gets its guts.

Room for 1,400.

Payload or people, you can really pile it on—Courier's rated for a total of 1,400 pounds. The rugged box is a generous 74.5 inches long.

Room for you.

It's room with a view, insulated for quiet, handsomely furnished. The seat has thick foam padding under the smart upholstery.

Get a low Ford Dealer price.

Ford Courier Dealers know how to keep prices down. They're used to selling a lot of different vehicles with a low margin on each. And they've got Couriers for immediate delivery.

The gutsy little import.

DUBLIN — The fluoridation program voters approved in November, 1974 may become a reality in three to four months, Valley Community Services District Public Works Director Doug Nelson said.

Nelson gave a status report on the fluoridation program to VCSD directors.

Two equipment stations must be built. One is to be located on VCSD district office property near the

district's No. 1 well.

The other station will be built on Dougherty Road in Dublin.

The Alameda County Planning Commission has approved both installations as being in conformance with the County's General Plan.

Nelson said preparation of plans and specifications should be complete in approximately four weeks,

after which they will be referred to the State Department of Health for approval.

If the plans are approved, VCSD will advertise for construction bids.

Construction time depends upon the availability of equipment, and Nelson warned deliveries can be slow.

He said district residents should be receiving

fluoridated water "within three or four months."

VCSD voters approved the fluoridation measure in the November, 1974 election. The final vote was 3,175 for the program; 2,329 against.

By original estimates, \$30,000 will be required to build the two stations.

San Ramon residents of VCSD will not be affected by the district's program

since they receive water from East Bay Municipal Utilities District.

Supporters of the program claimed fluoride will cut tooth decay and is an important health measure.

Opponents of fluoride said no health measure should be forced upon the public and discounted claims that fluoride would improve dental health.

Murray board to move slowly

DUBLIN — Murray School District trustees will move into 1976-77 budget deliberations at a measured step if Monday night's "explanations" session led by business manager Phillip Chubb is any indication.

Chubb explained what county requirements are for filing a budget, how enrollment is projected, sources of income and categories of expenditures in "walking" trustees through initial budget-making procedures at Wells Intermediate School.

The 1975-76 budget figure is \$7,390,407, more than \$300,000 higher than the preliminary budget amount submitted to trustees last April. \$4.3 million was earmarked for certificated salaries.

The budget launched meet and confer sessions involving Certificated Employees Council members and the administration negotiating team into endless discussions that were not culminated until after school began.

Another dimension has been added to the 1976-77 budget deliberations in the form of the \$1 million bond

issue on the March 2 ballot.

Trustees and Chubb have scheduled another session to do with the budget for Monday, Jan. 26, 8 p.m., at Wells Intermediate School, 6800 Penn Dr.

During a brief regular session Monday, trustees accepted a bid of \$51,435.35 from Gillig Bros. for a school bus.

UC Davis program to look at wine

DAVIS — Large wine inventories, reduced grape prices, over-plantings of wine grapes, and the large acreages of grapes still to come into production are key concerns of California

growers and processors meeting at Davis Jan. 31 to discuss the industry's economy.

Wine Grape Day at the University of California will present two panel groups, the first looking at the health of the industry now and in the future, and the second designed to bring growers and processors together on the subject of grape quality standards.

A.N. Kasimatis, UC Cooperative Extension viticulturist from Davis, said the program will be held in Freeborn Hall starting with 8:30 a.m. registration.

There is a \$10 attendance fee, which includes luncheon.

No appeal due in Long case

PLEASANTON — Dr. Howard Long won't appeal an adverse Alameda County Superior Court decision against the subdivision map he has on file with the city.

Long's attorney Gil Maines said that Long probably will submit a new subdivision map. Long has grounds to appeal, but the appellate process is expensive, said Maines.

Judge John Sparrow ruled a couple of weeks ago that the city was within its rights to turn down Long's proposed subdivision map for a new addition to Longview because the roadway was too narrow.

LEGAL NOTICE

MURRAY SCHOOL DISTRICT ELECTION NOTICE IS HEREBY GIVEN to the voters of the Murray School District of Alameda County, State of California, that in accordance with the provisions of the Education Code of the State of California, governing such elections, an election will be held on Tuesday, March 2, 1976, in said district, at which time there will be submitted to the voters of said district the following measure:

MEASURE

Shall the Murray School District of Alameda County incur a bonded indebtedness in the sum of One Million Dollars (\$1,000,000) to bear interest at a rate or rates not to exceed 8% per annum payable annually the first year and thereafter semi-annually for the purpose of raising money for the following purposes (which are hereby united and shall be voted upon as one single proposition) to wit:

The purchasing of school lots;

The building or purchasing of school buildings;

The making of alterations or additions to the school buildings or buildings other than such as may be necessary for current maintenance, operation, or repairs;

The repairing, restoring, or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity;

The supplying of school buildings and grounds with furniture, equipment or necessary apparatus of a permanent nature;

The permanent improvement of the school grounds;

The carrying out of the projects or purposes authorized in Section 1581.1 of the Education Code, to wit, to provide sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from school property; and

The purchase of schoolbuses.

The useful life of which is at least twenty (20) years?

The said bonds hereby proposed to be issued and sold will bear interest at the rate of not to exceed eight per cent (8%) per annum, which interest shall be payable annually for the first year and thereafter semi-annually thereafter.

The said proposed bonds are to be issued and sold to the amount of One Million Dollars (\$1,000,000). The number of years the whole or any part of the bonds are to run shall not exceed twenty-five (25) years from the date of the bonds or the date of any series thereof. Dated this 2nd day of December, 1975.

Computer Club Fitting

Galbraith's is the only pro shop in the Diablo Valley to offer this service! The reason that we offer Computer Club fitting is because buying a set of clubs is a big investment for most people! An average person will keep clubs at least three years. People also come in different shapes and sizes and not everyone swings a club the same way! Now, before you invest in a new set of clubs let us spend a few minutes with you to determine which clubs fit you properly. And you'll have an opportunity to use the facilities at our Rheem Valley Golf Driving Range at 536 Moraga Road.
